

## ARTICULATION AGREEMENT

Articulation agreements exist between labs at the Erie County Technical School and post-secondary institutions. These agreements allow our graduates guaranteed admission, advanced placement, or exemption from taking certain classes. Students choosing to enter a post-secondary school that has an existing agreement with the Erie County Technical School save both time and money for the work they completed in high school. Below are the existing agreements for this lab. We are constantly striving to develop new agreements to benefit our students.

### AUTOMOTIVE TECHNOLOGIES

**Community College of Allegheny County**                      6 Credits in the areas of Automotive Service, Emission Inspector and State Inspection

**PA College of Technology**                      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Rosedale Technical Institute**                      Scholarship Program  
Scholarships are based on competencies mastered by the student.

**Nashville Auto-Diesel**                      Credits are awarded based on the competencies mastered by the student.

**Vale Technical Institute**                      Credits are awarded based on the competencies mastered by the student.

### AUTO BODY

**PA College of Technology**                      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Rosedale Technical Institute**                      Scholarship program  
Scholarships are based on competencies mastered by the student.

**Nashville Auto-Diesel**                      Credits are awarded based on the competencies mastered by the student.

**Vale Technical Institute**                      Credits are awarded based on the competencies mastered by the student.

### CHILD CARE

**Clarion University**                      3 to 6 credits in Early Childhood Education

**Edinboro University**                      3 to 6 credits in Early Childhood Education or Elementary Education

**Mercyhurst College**                      6 credits in Early Childhood Education

**PA College of Technology**                      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

### COMMERCIAL ART

**Art Institute of Pittsburgh**                      15 credits Advanced Standing

Visual Communications

### COMPUTER PROGRAMMING

**Erie Business Center** 9 credits in Microsoft Excel, Microsoft Word, and Computer Concepts

**Mercyhurst College** 6 credits in Computer Management Systems

**PA College of Technology** Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Penn State Erie (Behrend)** Guaranteed admission to the following technology programs:  
Electrical Engineering  
Plastics Engineering  
Mechanical Engineering

**Northwest Pennsylvania  
Technical Institute** Up to 9 credits toward a certificate or associate degree in  
Computer Service Technology

**Tri-State Business Institute** 12 credits in Specialized Business

### CONSTRUCTION TRADES

**PA College of Technology** Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Northwest Pennsylvania  
Service Technology** Up to 9 credits toward a certificate or associate degree in Computer

**Triangle Tech** Advanced Training Test  
Specialized Technology Degree

### CULINARY ARTS

**PA College of Technology** Advanced Placement Option  
Credits are based on the competencies mastered by the student.

### DRAFTING AND DESIGN

**Edinboro University** 9 credits in Manufacturing Engineering Technology

**Gannon University** 8 credits in Electrical Engineering

**PA College of Technology** Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Penn State Erie (Behrend)** Guaranteed admission to the following technology programs.  
Electrical Engineering  
Plastics Engineering  
Mechanical Engineering

**Triangle Tech** Advanced Training Test  
Specialized Technology Degree

### ELECTRICAL ENGINEERING

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Northwest Pennsylvania**      Up to 9 credits toward a certificate or/and associate degree in Multi-  
Skilled Health Technology

**Triangle Tech**      Advanced training test  
Specialized Technology Degree

**Edinboro University**      9 credits in Manufacturing Engineering Technology

**Behrend College**      Guaranteed admission to the following technology programs: Electrical  
Engineering, Plastics Engineering, or Mechanical Engineering

### **FACILITIES ENGINEERING**

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student

**Northwest Pennsylvania**      Up to 9 credits toward a certificate or/and associate degree in  
**Technical Institute**      Multi-Skilled Health Technology

**Triangle Tech**      Advanced training test  
Specialized Technology Degree

### **GRAPHIC COMMUNICATIONS**

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

### **HEALTH ASSISTANT**

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Northwest Pennsylvania**      Up to 9 credits toward a certificate or/and associate degree in Multi-  
Skilled Health Technology

**Western School of Health**      7 credits in Medical Assistant, Medical Assistant Specialist,  
**and Business Careers**      Medical Secretary

### **METAL FABRICATION**

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Northwest Pennsylvania**      Up to 9 credits toward a certificate or/and associate degree in  
**Technical Institute**      Multi-Skilled Health Technology

**Edinboro University**      9 credits in Manufacturing Engineering Technology

**Behrend College**      Guaranteed admission to the following Technology Programs:  
**Penn State**      Electrical Engineering, Plastics Engineering, Mechanical Engineering

## GRAPHIC COMMUNICATIONS

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

## TOOL AND DIE

**Edinboro University**      Manufacturing Engineering Technology  
9 Credits

**PA College of Technology**      Advanced Placement Option  
Credits are based on the competencies mastered by the student.

**Penn State Erie (Behrend)**      Guaranteed admission to the following technology programs.  
Electrical Engineering  
Plastic Engineering  
Mechanical Engineering

**Northwest Pennsylvania** Up to 9 credits towards a certificate or associate degree in Tool, Die, and Mold  
Technology

**Regional Career &  
Technical Center**      Credit based upon competencies mastered by the student in  
related fields.
