

FORM FOR NON-FHS ACTIVITIES (INCLUDING COMMUNITY SERVICE)

In the past, NHS candidates have listed their extra-curricular activities (sports, clubs, and volunteer work) on their applications and there has been no official verification. Beginning with the 2011-2012 school year, all listed activities will be confirmed by the adult in charge.

For school sponsored sports and clubs, each advisor and coach will receive a list of all NHS candidates who claim to have participated in that activity. The coach or advisor will review the list and check off those students who are active members. The coach or advisor will also have the opportunity to comment on each student's level and quality of participation. For out-of-school activities such as club sports, employment and volunteer work, the candidate will be responsible for obtaining documentation from a supervising adult.

The teachers will no longer be ranking NHS candidates on their extra-curricular activities. However, points will be assigned based on the data from the confirmation sheets from the coaches / advisors or non-school adult supervisors.

The attached form must be turned in with the completed NHS essay.
