October 9, 2009

Dear Parents/Guardians of _____

Recently, you received information showing your child's progress on our Beginning of the Year Universal Screenings. In preparing a specific program to meet your child's needs, I would like to meet with you to discuss the instructional interventions that will be used.

The meeting will be held on **Wednesday, October 14th** in the Media Center beginning at 7:15 P.M. and concluding by 8:00 P.M. This meeting will follow the 3rd and 4th Grade Parent Overview of the Universal Screenings that begins at 6:30. Any questions you have will be answered so that you clearly understand your child's learning time here at Fairview Elementary School.

We know that parent involvement directly affects the success of our students. This meeting will help you to be the first step in the educational success your child will achieve this year. I look forward to meeting with you.

Sincerely,

Dr. Benjamin Horn
